Storm Water Quality Permits do not expire. When work is complete, contact the Storm Water Quality Inspector to conduct a final inspection to verify the Post Construction Permit is finalized, all temporary storm water quality Best Management Practices (BMPs) have been removed, vegetation has been established to an acceptable level, and all permanent post construction BMPs have been installed. Sending the NOT to TCEQ does not automatically retire the Bexar County Permit. If you have any questions, please contact Zaid Subhi at (210)335-6663.
