A TCEQ NOI permit is required. Pursuant to the TPDES General Permit TXR150000, Section E, Paragraph 3(d): Two days prior to commencing construction activities, all primary operators must provide a copy of the signed NOI to the operator of any MS4.

The TCEQ Site Construction Notice along with a copy of this permit must be posted at the construction site.

Once the NOI, this permit, and all other required permits listed below are posted on site, have your contractor notify the Bexar County Storm Water Quality Inspector identified on this permit by text or e-mail at least two (2) working days before starting construction. The inspector will verify all required permits identified below have been obtained and the storm water quality protection measures have been installed.

Activities Covered Under This Permit

Clearing / Mass Grading
Dry Utilities (Electric, Fiber, Cable)
Wet Utilities (Sewer, Water)
Infrastructure (Streets and Drains)

**Other Required

Storm Water Quality Permits do not expire. When work is complete, contact the Storm Water Quality Inspector to conduct a final inspection to verify the Post Construction Permit is finalized, all temporary storm water quality Best Management Practices (BMPs) have been removed, vegetation has been established to an acceptable level, and all permanent post construction BMPs have been installed. Sending the NOT to TCEQ does not automatically retire the Bexar County Permit. If you have any questions, please contact Zaid Subhi at (210)335-6663.
